

FEATURES OF THE DO111A

- Quick and easy to use
- 86 mm stroke
- 13 ton capacity
- Spring return
- Equipped with a male quick coupling as standard
- Works in any position, horizontal or vertical

Hydraulic door opener **DO111A**

The door opener DO111A is the perfect tool for rescue and police where forced entry operations are necessary.

■ Information

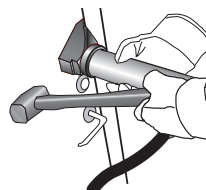

Place the DO111A in position, apply pressure by pumping the hydraulic pump until the door breaks open. The tool can work in any position, horizontal or vertical which makes the DO111A quick and easy to use.

■ Functionality

The DO111A is provided with a flat surface, which enables the tool to be hammered in to the door slot. Furthermore, it has serrated teeth for holding a steady grip between the door and frame.

■ Usability

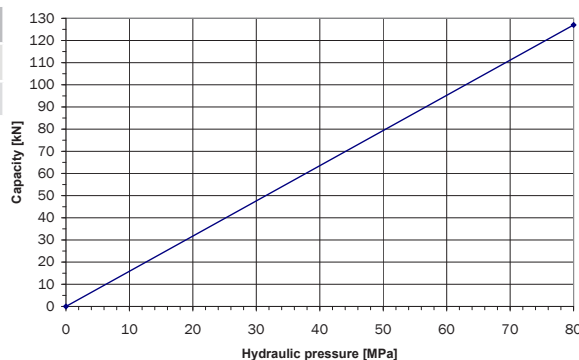

Fields of use where the DO111A is applicable may include:

- Rescue services
- Civil defence
- Emergency aid operations

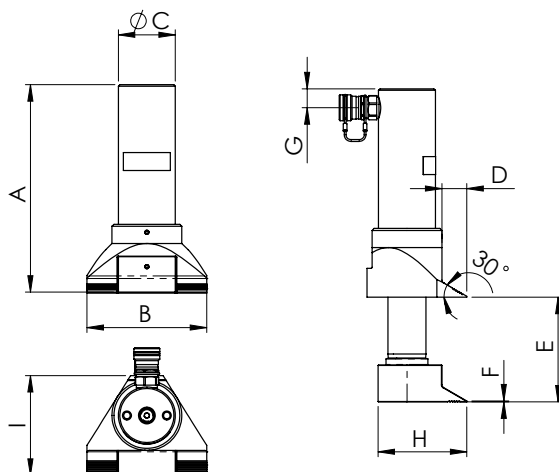

DO111 - PERFORMANCE

Capacity		Max working pressure		Stroke		Stroke volume	
kN	ton	MPa	psi	mm	inch	cm ³	in ³
127	13	80	11603	86	3.4	136	8.3
